

## Free TOEFL Sample Test (With Answer Key)

Below you will find a comprehensive, free sample TOEFL test that covers all four sections of the exam: Reading, Listening, Speaking, and Writing. This sample is designed to mirror the real exam experience and includes an answer key for self-assessment. At the end, you'll also find a link to premium test prep packages for more in-depth practice and support.

### Reading Section

#### Passage:

*The Amazon rainforest is the largest tropical rainforest in the world, known for its biodiversity and ecological importance. It spans across nine countries in South America and plays a crucial role in regulating the global climate.*

#### Questions:

1. How many countries does the Amazon rainforest span?
2. What is the ecological importance of the Amazon rainforest?
3. Why is the Amazon rainforest important for the global climate?

### Listening Section

*Listen to a short lecture about climate change (simulate by reading the text below):*

*"Climate change is primarily caused by the increase in greenhouse gases such as carbon dioxide and methane. These gases trap heat in the Earth's atmosphere, leading to rising temperatures, melting polar ice caps, and more extreme weather patterns. Individuals can help by reducing energy consumption, recycling, and using public transportation."*

#### Questions:

1. What are the main causes of climate change?
2. How does climate change affect polar ice caps?
3. What can individuals do to reduce their carbon footprint?

### Speaking Section

*Prepare to speak on the following topics. (Practice aloud or record your response):*

1. Describe your favorite place and explain why you like it.
2. Discuss the advantages and disadvantages of online learning.
3. Explain how technology has changed communication.

## Writing Section

Write an essay on the following topic (minimum 300 words):

- Do you agree or disagree with the statement: Technology improves education. Use specific reasons and examples to support your answer.

## Answer Key

### Reading Section

1. **Nine countries.**
2. **It is known for its biodiversity and helps maintain ecological balance.**
3. **It helps regulate the global climate by absorbing carbon dioxide.**

### Listening Section

1. **Increase in greenhouse gases such as carbon dioxide and methane.**
2. **It causes polar ice caps to melt.**
3. **Reduce energy consumption, recycle, and use public transportation.**

### Speaking & Writing Section

- *Sample answers will vary. For high scores, ensure clear structure, relevant details, and good language use.*
